Dear Sir / Madam

I wish to express my extreme objection to this proposal for a boarding house at 242 Warringah Road, Beacon Hill.

This is a growing family suburb with a public school close to this address, which my children attend and are required to commute past this location.

We do not need a location that may house individuals who are not of good and respectable character nearby.

I would strongly suggest that this application is not approved and that the applicant seek a more suitable location away from public schools and family suburbs.

Regards

Stephen Burns
