RE: DA2020/1063 - 2 / 0 Bennett Street CURL CURL NSW 2096

No consideration for local residents or the bandicoots.
Why take submissions from people who don't even live in the same LGA!
The floodlights will negatively impact the residents of Bennett Street, Holloway Place and Manuela Place significantly. There is already enough road rage in this area with congested traffic on the weekend - do a proper assessment during winter sports on the weekend!!!

I am shocked that Northern Beaches Council can even justify the proposal, no proper assessments to light and noise pollution have been made and no traffic and parking assessments have been made, this is a residential area and there are several playing fields with lighting that are sufficient for evening sports, why do taxpayers have to spend more money on something that already exists?
Hugely angered by the lack of thought that has been given to local residents!
Strongly oppose and object the proposal for lighting!
