Subject: DA2022/0549

In regards to DA2022/059 my question to council is . If the proposed property is known as 2 Wyadra ave freshwater, what is deemed to be their rear boundary ? This small detail may have a significant impact on our property being 19 Loch St freshwater. Wyadra St being the north orientation may deem the southern end the rear . Also the building / construction envelope seems to be tight on all three boundaries .If this is the case , our view impact from the lower level would be improved quite substantially.

Regards Mark Casazza 19 Loch st freshwater.
