Subject: Re application DA2018/1708

Dear Sir or Madam
I object to application DA2018/1708
I live flat 5 189 Sydney road.

This development will not have enough car spaces to support the number of people
development will house

It will increase traffic on Sydney road

I am concerned that the number of people housed will result in behavioural issues that
increase crime in the community

It will change a residential area into an overcrowded commercial environment

The quality of life of everyone will suffer due to overcrowding

Please reject this application

Thanks Jeane Yarrow
