To those processing the DA application for Hugos Manly, Manly Wharf, The Esplanade,

As both a lower north shore resident and frequent customer to many of Manly's fantastic food & beverage operations I would like to communicate my support for the Hugos Development Application to increase its outdoor seating.

I can only hope that Hugos application is approved, enabling the business to build & continue on its long history of exemplary service and quality offering. Hugos have demonstrated with their lower deck seating in operation over a number of years that this extension application is entirely appropriate, in sync with the wharf precinct & would be widely supported by locals & visitors to Manly.

The Hugos team & product have shown themselves to be excellent operators and this seating extension will only help them continue to provide the level of service they do. Their location facing west is well suited to food & beverage use and perfectly suited to this outdoor seating extension.

Council would be hard pressed to find a better candidate for this site, location & intended purpose and approval will only add to the precinct offering & amenity.

Kind regards
