**RE: DA2020/1063 - 2 / 0 Bennett Street CURL CURL NSW 2096**

I wish to oppose the submission for the flood lighting. My concerns are for the local residents. What with light pollution and noise pollution along with traffic and parking problems it seems extremely unnecessary and will cause chaos for local Curl Curl residents. There are plenty of playing fields in the northern beaches that have sufficient flood lighting for evening sport. Why should our taxpayers money be wasted on this. I do not support this proposal
