**RE: DA2021/1612 - 1 Clarke Street NARRABEEN NSW 2101**

This can not go ahead

It will destroy this beautiful beach and should be put to locals that have spent most of their life watching the changes over many years of all seasons with storm activities swell and wind direction, the amount of beach space which is getting more and more crowded will be come an absolute Eye sore Great Wall of China  
Very interested to be involved in this distressing news
