RE: DA2020/0442 - 231 Whale Beach Road WHALE BEACH NSW 2107

As an almost daily visitor to Whale Beach for 17 years I have seen quite a few changes. What was once a beach suburb with small houses and large trees it is now the reverse. I therefore object to yet another large structure and associated hard paving area. A smaller design with an emphasis on returning some greenery would be more appropriate. Kind regards, Frank Geddes
