**RE: DA2019/1284 - 54 Golf Parade MANLY NSW 2095**

My objections are as follows :

- \* all windows on the eastern side of the proposed building (as shown on elevation 4) should be changed to highlight type windows with a sill height of at least 1.6m above the finished floor level. Reason : to maintain privacy to the adjoining properties to the east
- \* privacy screens need to be installed on both the eastern and northern sides of the alfresco area (as shown on elevations 3 and 4). Reason : to maintain privacy to the adjoining properties to the east and north.
