RE: DA2020/0442 - 231 Whale Beach Road WHALE BEACH NSW 2107

As a resident of Whale Beach, I am writing to object to this concrete monstrosity which is being spun as a so called Whale Beach Neighbourhood Community development!
This development has no beachside charm, no character and is offensive and intrusive to its neighbours above and on either side - and to the Whale Beach community.
Whale Beach will become another Dee Why!!
If the Council passes this development it is purely for financial gain and will destroy the beachside, holiday atmosphere that is Whale Beach.
The developer has to go back to the drawing board and include more natural elements, beachside ambience and consideration to the surrounding neighbours.
