Dear friends,

I have been a resident of 54 West Esplanade for the last 20 years.

I have no commercial ties with Hugo except that I love their food and the service

I have never ever been disturbed or upset by noise which comes from the restaurant

There isn't any, even though my apartment is looking directly at it

I have seen the plans that Hugo has submitted to extend the restaurant and I support it

as I feel the restaurant of that quality is an asset to Manly.

Please give due consideration to my email

I thank you

Kind regards
