**RE: DA2019/1420 - 6 Wyatt Avenue BELROSE NSW 2085**

I oppose the Development Application DA2019/1420.

Main reason is that there is no curb and guttering of the northern side of Wyatt Ave (western end). When the School has a function the traffic is increased and parking decreased dramatically, reducing access to my property.

If the Council approved the curb and guttering and widening of Wyatt Ave, then I would consider approval of the development.

Philip Bloom
