To whom it may concern,

**Re: DA2020/0147 - 2 Wyadra Avenue, Freshwater**

As a local resident I object to the development and subdivision proposed. The proposal alters the historical lot configurations and amenity currently afforded to existing residents surrounding this location. Wedging a large dwelling in this location is concerning to the natural environment we have enjoyed for many years both from above the site on Loch Street and from when viewing the area from the beach.

Thank you,

Dominica Andersen
