[REDACTED]

**RE: DA2021/1756 - 18 P Macpherson Street WARRIEWOOD NSW 2102**

This owner has not requested approval by the executive committee of this community title property to install not only a pergola but also a car port. The community CMS is in breach on several levels. As a close neighbor I object to this submission being approved as it sets precedence for every property to install a car port and detract from the complex .
