Subject: Planning and Dev Application: DA2020/1233

Betty Campbell
4 Rawson Place
Cromer 2099
02 9401 5760

As a foundation member of Harbord Diggers Women's Bowling Club which formed in 1980 I would like to support the application to correct the bowling green which was promised to our club 6 years ago when construction began on the new club and over 55 residences. I have been on their Committee and served as President for several years. My husband, Mackie Campbell, who was President of the Diggers for many years was Patron of the Women's Bowling Club and I have been honoured to be Patron since I retired at age 88 from bowling a five years ago.

Harbord Diggers Bowling Club was a happy and successful group of ladies, at one time numbering over 100. Our hope is these numbers will again grow with the new green. These ladies have been waiting patiently for this promise from the Mounties to finally happen. The residents now living at the Diggers were well aware when they purchased their apartment that a bowling green was to be built within the complex.

I do hope the Northern Beaches Council supports this new application to finalise the bowling green at Harbord Diggers.

Sincerely,

Betty Campbell
