Reference is made to the application for a Construction Certificate in respect of the above property. In that regard we confirm that a Construction Certificate No J100142 was issued on 6 April 2010 pursuant to Development Consent 105/08.

Please find enclosed a copy of the Construction Certificate issued including all documentation assessed in the determination of the application.

You are advised the Construction Certificate attached is only for Bulk Excavation works only. This Construction Certificate excludes the following items,

- a) The Home Owners Warranty - The bulk excavation is being carried out by a Civil Contractor under the direction of Lend Lease. The detailed excavation and the building works will be carried out once a licensed builder has been appointed and home owners warranty will be gained prior to the release of the next Construction Certificate.
- b) The Notice to Commence Building Works and Appointment of Principal Certifying Authority will be issued once a builder has been has been appointed and prior to the release of the next Construction Certificate.

Also please find enclosed a cheque for \$30.00 being the registration fee for the above. It would be appreciated if a receipt in this regard could be forwarded to our firm as soon as possible.

Should you require any further information please contact the undersigned.

Yours faithfully,

Paul Ladogna

Dear Peter,

**Subject: Construction Certificate J100142
Development Consent Permit 105/08
20 Montpelier Place Manly**

We refer to our engagement in respect of the above and enclose the Construction Certificate for such works.

Mandatory inspection of works

The Environmental Planning and Assessment Act 1979 require that the inspections detailed below, known as Critical Stage Inspections, be carried out by the Principal Certifying Authority (PCA).

The provision of certificates in lieu of mandatory inspections (i.e. Engineer's or waterproofing certificates) is not acceptable at any time.

It is necessary for the following inspections to be carried out in relation to the proposed works.

Class 1 & 10 buildings

- After excavation for, and prior to the placement of, any footings, and
- Prior to pouring any in-situ reinforced concrete building element, and
- Prior to covering of the framework for any floor, wall, roof or other building element, and
- Prior to covering waterproofing in any wet areas, and
- Prior to covering stormwater drainage connections, and
- in the case of a swimming pool, after the construction of the swimming pool is completed and the barrier (if one is required under the Swimming Pools Act 1992) has been erected and before the pool is filled with water

After the building work has been completed and prior to any occupation certificate being issued in relation to the buildings.
