**87 ALEXANDRA CRS BAYVIEW  
PROPOSED ROAD RESERVE WORKS  
STRUCTURAL DESIGN CERTIFICATE  
Job No 230704**

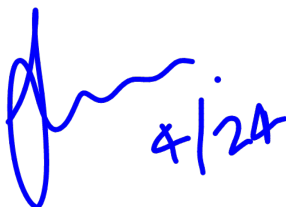

The road reserve works within the civil plans (Drive Long Section and Stair 08 04 2024) Job No 230204) have been designed in accordance with the relevant NCC / BCA requirements and the relevant Australian Standards such as –

- AS 1170.1 suite                      Structural Design Actions
- AS 3600 - 2018                      Concrete Structures

Noting the revised FSLs (being > existing NGLs) along the Southern edge of the driveway will not adversely effect the stability of the existing retaining structures.

Should further information regarding this certificate be required please contact our office as outlined below.
