The comments in this referral relate to the following applicable controls and provisions:

- Planning for Bushfire Protection 2019
- Warringah DCP - Clause E2 Prescribed Vegetation
- Warringah DCP - Clause E6 Retaining unique environmental features

The proposal seeks to remove a number of trees under the 10/50 clearing entitlement. However, comments in the landscape are noted and two trees proposed for removal will have to be retained including 114.60TR 6-0.2-7 and 114.38 TR4-02-06.

The submitted landscape plan will have to be amended to avoid the use of environmental weeds under the Biosecurity Act 2016 (i.e. replace *Murraya paniculata*).

The development is designed, sited and will be managed to avoid any significant adverse environmental impact.

The proposal is therefore supported.
