**RE: DA2023/0995 - 54 Brighton Street FRESHWATER NSW 2096**

I am keen to see these types of developments in the Northern beaches. The project will provide the community with additional housing that is desperately needed AND free up a single dwelling that is holding over 1000 square meters of land. I can also see that there is ample parking to alleviate off street parking congestion. That makes perfect sense! Hoping the council recognises this and approves the development.
