RE: DA2021/1541 - 20 Albert Street FRESHWATER NSW 2096

I have live in freshwater for over 5 years and having this type of restaurant will be amazing for the freshwater Community. To have the Ability an option of a casual fine dining restaurant in freshwater is what we have been lacking for years now. We are having to travel to manly if we are looking for the Fine dining experience. Not only will it promote freshwater and other business in the area but it will serve for an amazing experience
