RE: DA2021/2173 - 394 Barrenjoey Road NEWPORT NSW 2106

With increased sea levels and storm surges a given for the future, NBC should not even be considering this expansion or a seawall in this coastal erosion zone.

Give the Newport SLSC a great big new club, but retreat from the dune. Renovate the interior of the existing building and put a boat shed at the west of the car park, or build a new SLSC at the west of the car park.
