Dear Sir/Madam,

I would like to support the Warringah Golf Clubs Development Application for a new Clubhouse on the course.

This development will be of great benefit to the community, in creating a sporting club. As well as providing a place for meetings, it will have a variety of dining options. Locals, members & guests will have a great recreational area to socialise in. This can only be a positive for the northern beaches community.

The off street parking will help alleviate the parking on Kentwell road.

With the positioning of the club the local residents - all on the eastern side of Pittwater Road will not be impacted. The club will be facing the golf course, providing a wonderful view for patrons over the course.

I can only see this development as a positive one & fully support it.

Yours sincerely  
Geoffrey Gidley
