RE: DA2019/1340 - 100 / 0 Meatworks Avenue OXFORD FALLS NSW 2100

I protest this development as it will encourage more heavy traffic on Oxford Falls Road in Beacon Hill, which still has not been properly safe guarded for both pedestrians and residents. In particular the very dangerous intersection at Oxford Falls Road and Iris Street. This must be altered immediately to protect school children walking to and from school. More cars and heavy vehicles are not warranted. The site also poses a huge fire risk which is simply unacceptable!
