RE: DA2018/1708 - 197 Sydney Road FAIRLIGHT NSW 2094

This application is one that will in no way be of benefit to our local area. The sheer concentration of the development on a land area of that size is in stark contrast to its surrounding buildings. Parking is already chaotic along Sydney Rd and in the connected streets - this development can only add to that chaos. Other aspects such as FSR and set-backs from the boundaries also render this development as completely unacceptable. This DA is truly 'out of control' - please control it.
