Dear Mr Ferguson,

**Re: Planning Proposal to limit the retail floor space area at 23B Macpherson Street, Warrewood – Revised Gateway Determination**

I refer to my Gateway Determination dated 21 June 2010 under section 56 of the Environmental Planning and Assessment Act 1979 ("EP&A Act") in respect of the planning proposal to amend the Pittwater Local Environmental Plan 1993 to limit the retail floor space area of the focal neighbourhood centre at 23B Macpherson Street, Warrewood

Pursuant to Clause 56(7) of the EP&A Act, as delegate of the Minister for Planning, I have now altered my Gateway Determination in relation to this planning proposal. The planning proposal should proceed subject to the conditions in the attached Gateway Determination.

The Gateway Determination requires that the planning proposal be made publicly available for a period of 14 days. Under section 57(2) of the Act, I am satisfied that the planning proposal, when amended as required by the Gateway Determination, is in a form that can be made available for community consultation.

The amending Local Environmental Plan (LEP) is to be finalised within 6 months of the week following the date of the Gateway Determination. Council should aim to commence the exhibition of the Planning Proposal within four (4) weeks from the week following this determination. Council's request for the Department to draft and finalise the LEP should be made six (6) weeks prior to the projected publication date.

The State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under s54(2)(d) of the EP&A Act if the time frames outlined in this determination are not met.

Should you have any queries in regard to this matter, please contact Sabina Miller of the Regional Office of the Department on 02 9228 6111.

Yours sincerely,
