RE: DA2024/1362 - 40 Myoora Road TERREY HILLS NSW 2084

We could not be happier that this development application has been submitted. The calibre of product that the boathouse group produce can only do great things for our area. As a mum of 4 children and head of design for a commercial design and construction firm the idea of having this type of venue for our family to enjoy brings a lot of excitement, I fully appreciate what goes into this type of venue and well done to the Issac's for creating this opportunity for Terrey hills.! A block that sits vacant, full of shrub and probably a lot of snakes - with this potential development will be a game changer for Terrey hills! We are officially on the map and with so many great hospitality venues popping let's keep it going!
