**RE: DA2023/0995 - 54 Brighton Street FRESHWATER NSW 2096**

I support the application for apartments. There is a housing crisis currently where we do not have enough supply on the beaches. This site is perfect as it is large, and the proposed development is not obtrusive like many I have seen. To consider basement parking to remove cars off the street is sensible and will be a positive outcome for the poor bus drivers who have to navigate the cars on the st.
