RE: Mod2021/0816 - 8 Forest Road WARRIEWOOD NSW 2102

This area of Warriewood is now so overdeveloped that Macpherson street, Garden street and Ponderosa street just cannot cope. There are still dwellings to be completed in Garden street, which will add to this chaos. Plus Flower Power has been sold and many townhouses will be built on this large piece of land. To add to this Mater Maria has asked for more students which will also increase the traffic. We already cannot get in or out of our property during school hours or commuter times. It took my partner 45 minutes to get from flower power 500 metres to our entrance one afternoon because a bus had blocked the roundabout. Enough is enough!
Thank you. elizabeth
