After many years of having a golf club with dining and bar facilities that were appreciated by all the golf club members, I feel it to be one of the main facilities that the members will appreciate in our new golf club house. Not only these would be particularly valuable to the rest of the community surrounding this new club house - namely the tennis and squash court members. The friendship that continues after a game of golf is most important when we have an area where members can relax and socialise. Thank you
