Palm Beach NSW 2108

RE: DA2023/1289 1112 1116 Barrenjoey Road PALM BEACH NSW 2108

This building should not be 5 floors high. All the other buildings in the vicinity are only 3 floors high or less and it will look out of place. It will also block the view of the house behind, which was built overlooking a single floor building.

It would not be safe to have underground parking below water level.
