RE: DA2019/1478 - 1 Narrabeen Park Parade NORTH NARRABEEN NSW 2101

The locals who live in close proximity, including myself, are strongly against any expansion or any plans to have outside music playing at One cafe.

This is a unique and fragile location. It's natural beauty needs to be preserved. It's on the cusp of the surfing reserve (possibly even part of it) and it's meant to be under protection. Nature preservation comes before profit. This particular area of the beaches doesn't 'need' anymore commercial spaces, as people keep saying. Those people 'need' to live in the city if they need more noise and activity
