RE: DA2019/0278 - 1 / 1 Moore Road FRESHWATER NSW 2096

Freshwater Village is already overpopulated and more apartments on the way. Accessing the shops, parking and the roads into and out of the village is already near impossible on the weekends. This proposed recreational facility will only make things worse. This type of facility is much better suited to Brookvale, alongside venues like jumped, etc where they can cater to the influx of people on the weekends on the back of birthday parties etc at these centres.
