RE: DA2020/1756 - 353 Barrenjoey Road NEWPORT NSW 2106

As resident of Newport for 15 years, a person who was involved in the workshopS during the drafting of the master plan. A person who enjoys the refuge of Robinson Road.
I must object to this proposed development it is out of step with the needs of the community in every way, socially, commercially, environmentally and outside the scope of the Master Plan.
Robo Road Is Newport only escape from Barrenjoey road and The development not only attacks this social hub but also the struggling shops of all Newport VILLAGE.
