Subject: Senior development in Manly Dam

This email is objecting to the senior development wishing to encroach on Manly Dam. The Manly Dam is becoming busier and busier with walkers and outside pressures and this is valuable. Please do not take any more bush land away inch by inch. The bush is essential for the local habitat and local wellbeing. Council is always trying to take little slivers of Manly Dam for what seems important societal usage. In the last 5 years, I have written three times for a variety of requests. Manly Dam should be protected for the future of said seniors ancestors.
