I would like to register my disappointment at the lack of effective community engagement with this DA and want the Development rejected until such times as the community determine an appropriate development.

Maintaining the character and aesthetic of the Newport village is essential; there are too many poorly planned, overdeveloped and soulless townships eg Dee Why. I agree some change and advancement is required but it needs to be the right type of development. I was proud to play a part in stopping the proposed Woolworths development, that also would have been a disaster.

Let's get this decision right and engage with the local community.
