RE: DA2019/0200 - 130 Old Pittwater Road BROOKVALE NSW 2100

Hi,
I am writing to suggest that we need to keep this wildlife corridor open. I thought the merger of the 3 councils would result in a more coordinated response to wildlife conservation and habitat protection so now let's prove it! We can't let wildlife just exist in small islands like Manly Damnor they become vulnerable. Please consider the wider approach to this before proceeding
Regards Hannah Plumridge
