RE: DA2021/2173 - 394 Barrenjoey Road NEWPORT NSW 2106

Dear Northern Beaches Council,

My name is Lua, and although I am no longer an active member of the Newport Surf Life Saving Club, I have fond memories of my time there. I completed Nippers, my Surf Rescue Certificate, and my Bronze Medallion at the club. I am writing to express my support for the club's development application.

1. **Personal Growth and Skills:** The club played a significant role in my development, teaching me essential life-saving skills and instilling a sense of responsibility and teamwork. The proposed improvements will ensure that future members can benefit from the same high-quality training and support.
2. **Community Impact:** The club is a cornerstone of our community, providing a safe and supportive environment for young people. Upgrading the facilities will help the club continue to offer valuable programs and activities that benefit everyone.
3. **Safety and Accessibility:** Enhancing the safety and accessibility of the club is crucial for ensuring that all members, including those with disabilities, can fully participate in its activities. This is especially important for young members who are learning and growing.
4. **Environmental Responsibility:** The inclusion of a seawall to protect against coastal erosion demonstrates the club's commitment to environmental sustainability. This is vital for preserving our beautiful beach for future generations.
5. **Family and Community Support:** The club has always been a welcoming place for families. The proposed development will make it even more beneficial for families in our community, providing a safe and supportive environment for everyone.

I urge the council to approve this development application, as it will greatly benefit the club, its members, and the wider community.

Thank you for considering my submission.

Sincerely,
Lua Barry
