RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099

I strongly object to the proposed Optus telecommunication facility. Firstly the proposed area is used for sport activities year round. The softball players will actually be playing underneath it. In addition I am concerned how close it is to the local school. Hundreds of young people and adults use this area everyday Please don't ruin it or risk everyones health by allowing this tower.

In addition the application is misleading it is not proposed at Huston Parade and therefore I feel the local community has not been suitably informed.

Please don't allow this development to go ahead.
