Northern Beaches Council

Re: DA2020/1370
128 Headland Road, North Curl Curl, 2099

Dear Rebecca Englund,
Two days ago, it came to our notice that there is a DA application on the property adjacent us at the above address. We also noticed that the notification period has expired and we are too late.

What I want to say, is that this hillside that straddles the boundary between North Curl Curl and Dee Why is quite expansive, surely we can all share the magnificent view it provides us.

This DA indicates to me, and my family, that our view will be non-existent from inside our residence, except for a very small spot in one corner of our living room that will provide a slither of view to the ocean.

We feel crushed by this news and respectfully appeal to Council to consider the neighbours by responding to the applicant with a compromise that will make everyone happy.

Yours faithfully

A handwritten signature in blue ink that reads "Willeen Logan". The signature is fluid and cursive, with the first name and last name clearly distinguishable.
