RE: Mod2024/0473 - 28 Lockwood Avenue BELROSE NSW 2085

My concern is with the loading dock facility. My reading of the proposed modification is to reduce the three loading dock spaces to one and this seems to be the opinion of the other submissions. However Council's Traffic Engineer appears to read it as reducing from three to two.

I think two spaces would be preferable to reduce the possible queuing of delivery vehicle on the busy Glenrose Place and Glen Street.
