RE: DA2021/1620 - 31 Moore Road FRESHWATER NSW 2096

I am a longtime owner and occupier of a flat in the building White Waves which is metres from the applicant's building. I strongly oppose the current proposal because it will greatly increase noise and disruption for me and the other 46 occupants of 30 Moore Rd. The proposed development contains alterations that will significantly increase noise, light and traffic- cars and pedestrians. The open areas in particular will project noise directly across to me and my building's occupants. Please reject the current application and require the applicants to reapply with a design that respects the fact that they do not damage the surrounding residential neighbourhood. Thank you.
