RE: DA2020/1453 - 4 Collaroy Street COLLAROY NSW 2097

Hello,

I would like to say I support the proposed development of 4 Collaroy Street and 1 Alexander Street, Collaroy.

The proposal will be a Major improvement on the existing building and surrounds that are currently run down and an eyesore. Currently the council lane is dirty, smelly and unused space for the public, having a new access way between Collaroy and Alexander St will be exceptional.

I think the scale of the new building is appropriate for the area, it will greatly improve the street view and the addition of new parking spaces is always required.
