**RE: DA2019/0382 - 312 Warringah Road FRENCHS FOREST NSW 2086**

A very classy looking subdivision & developement. I and my family have been living at 59 Dareen Street Frenchs Forest for over seven years and been eager to see what would be built on the old service station site which adjoins the rear of 59 Dareen. We are very pleased it not a commercial building or a block of units and not overly high. The plans look very thorough and look to include good landscaping and great to see so much native flora being planted. Please contact me if required.

sincerely,  
Roger Thompson
