RE: DA2021/0239 - 220 Allambie Road ALLAMBIE HEIGHTS NSW 2100

As Council does not ensure or monitor that plans displayed with a development application are the same as what gets built - (eg. DA2019/1437 and Mod2020/0288 in this same property, has not been built to plan notified) it should cease this pointless notification practice. We are sure Council has many projects that need funding and rate payer dollars could be better used on these rather than on (a) Administrative processes that are meaningless; and (b) Submissions that are also pointless as, in practice, property owners are able to build without regard to the plan.
