RE: DA2019/0123 - 80 - 82 Mona Vale Road MONA VALE NSW 2103

I write in support of moving the Organic Market from Frenchs Forest to Mona Vale. As the fundraiser for WIRES Northern Beaches, I have been allowed to regularly hold a free stall at the market and have come to realise the value the market has to so many people of the area. Not only is there fresh, organic produce including fruit, vegetables, meat, nuts, garlic, honey etc, there are many other stalls of interest. Numerous customers make it their regular stop on a Sunday morning for breakfast prior to doing their shopping. It is a friendly, busy and important part of the community on Sunday. I often meet friends there for a coffee and a purchase or two. Brenda, who runs a stall raising funds for children's cancer research is known and loved. The market must go on as it is much needed for those who work all week and rely on fresh produce. I support the new market venue.
