Subject: DA 2020/1039

I would like to formally let council know that I do not agree with this DA proposal.

I am a local resident with a young family.

There is already so much traffic through our streets we do not need extra buses travelling through our already congested roads. Not to mention, buses fly past super fast! With so many small children around this is also a concern for my family & neighbours.

At the time of the 'traffic testing' this was during Covid when a lot of people were working from home & kids were being homeschooled.

Thank you,

Janneke Verschuure
53 Chambers cct, Warriewood NSW 2102
