RE: OBJECTION to MOD2021/0047 (DA2019/0123) – 22 Jubilee Avenue WARRIEWOOD
15th of March 2021

Dear Thomas Prosser:

I STRONGLY OBJECT TO THIS LATEST MODIFICATION. What is going on with the Council. How many modifications does this person waste our time with. I thought this was a Trial Period. So this should be dismissed.

His trial period has completely failed. I am the resident across this absurd market. I am greatly affected by this market on Sundays. I am in the construction business and Sundays as I have repeated in my previous submissions is my only day off and I cannot sleep in at all on Sundays. The flow of trucks in the morning upon Jubilee Avenue going to the market is very noisy with cars honking slamming of car doors chatting and I am constantly picking up rubbish left by the market customers. The constant arrival of market customers spooks my dog which results in barking for hours disturbing the entire area.

Please do not waste any of our time anymore and **REJECT THIS PROPOSAL.**

Yours sincerely,

Ron Bode
