RE: DA2019/1426 - 77 Collingwood Street MANLY NSW 2095

I believe if The Corner Coffee Shop aren't allowed to serve from the window on Cameron Avenue, will have a detrimental impact on their business.

- Window provides quick access to get coffee and get back on surf patrol (wouldn't want anyone drowning if we had to wait too long for coffee)
- Provides much needed service and employment to local community
- * Also prevents customers waiting for their coffees at the pedestrian crossing which will cause major disruption to traffic.
