Subject: DA2021/1620

To whom it may concern,

I have read the development application lodged by the Harbord Hotel and wish to advise you that I support the application in full.

I have been an active resident of the Freshwater community for some 20 years and I have watched the suburb grow from strength to strength and strongly feel that what has been submitted is very well considered.

Should you have any questions please don't hesitate in contacting me directly.

Kind regards,

Matt Hayes
