Hi,
Please protect an important part of your areas history. Oakland's house at Warriewood.
The developer has nearly \$4,000,000 to develop the property but could not be bothered to erect and patrol a decent security fence.
This demolition by neglect can not be rewarded.
(It also shows a big gap in your system as you sent them a letter requesting house be protected but then did no follow up to ensure it was done!)

Regards,
John Brown
